

OUR 75th ANNIVERSARY  
1906 — 1981

The  
Traffic Club  
of  
New York, Inc.

1981  
71st ANNUAL DINNER

**You name it...  
We'll move it...**

By the carload, trainload, piggyback trailer or container. We'll move it quickly, efficiently and economically.

The Santa Fe/Conrail all-piggyback run-thru is just one example of how we're serving east coast shippers. This all-weather service, via Streator, Illinois, provides New England, New York City and northern New Jersey shippers with 5th morning west coast availability. Comparable service eastbound, too!

**CALL OUR TRANSPORTATION SPECIALISTS IN NEW YORK CITY TODAY!**

**Don Skinner, Manager, Sales & Service**  
**Owen Kavanagh, Asst. Manager, Sales & Service**  
**Larry Govic, District Sales Manager**  
**Harry Nelson, Asst. District Sales Manager**  
**Roy Anderson, Area Sales Representative**  
**Donald Watson, Area Sales Representative**  
**Don Grasing, Sales Representative**  
**Fred Lammer, Jr., Sales Representative**  
**Joe Eichner, Sales Representative**  
**Hector DeSotza, Regional Manager-Intermodal Sales**  
**Jack Kelly, Area Sales Representative (West Haven, CT)**

**SANTA FE SALES & SERVICE CENTER**  
 708 THIRD AVENUE, NEW YORK, NY 10017 • PHONE: 212-953-1320

## **servicing the transportation industry needs**

Be it highways, railroads or runways, Ingersoll-Rand products help to build and maintain them. In fact, nearly every product or service used in the transportation industry somewhere involves the use of Ingersoll-Rand equipment in its manufacture or maintenance.

 **INGERSOLL-RAND**

**We hope that you enjoy the program we have arranged, and thank you for being a part of the Traffic Club of New York Seventy-First Annual Dinner**

All Signals  Are GO - East or West...

**CLIPPER EXPRESS Piggyback**  
Brings the WEST COAST

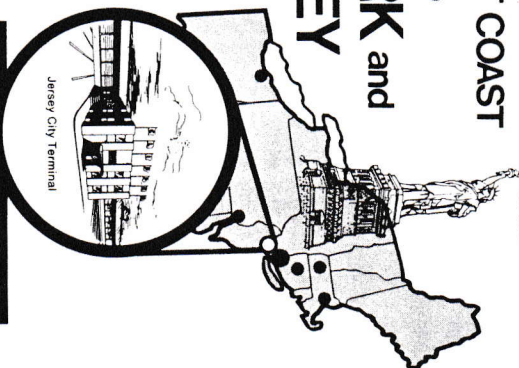

Closer To

**NEW YORK and  
NEW JERSEY**

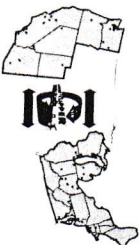

CLIPPER EXPRESS Piggyback—on the fast track all the way—gets you less than TrailerLoad and Trailerloads to and from the West Coast in good time. It's the fastest, easiest way to speed your shipments into and out of New York and New Jersey.

Modern in every respect, Clipper's new terminal in Jersey City is moored after Clipper's many other local terminals from coast to coast. Loading docks on the 400 foot pier, the 6 1/2-acre site allow for 50% a month in the location next to the Garden State and other piggyback ramps speeds handling of freight. High intensity lighting, sturdy perimeter fencing, main gate control, as well as efficient, thorough surveillance assure 24-hour security control. Let Clipper Express tell you how to get the Piggyback Connection to fast, safe service on all your Less Than Trailerload and Trailerload shipments. Call or write today.

**DIRECT DAILY SERVICE**  
\* FROM ALL points in the East and Midwest TO AND FROM ALL points in Arizona, California, Nevada, Oregon, Utah and Washington.  
\* From the East and Midwest to Alaska, Hawaii and major cities in British Columbia.

**To Get Express Service  
On All Your Shipments  
Call CLIPPER EXPRESS**  
In NEW YORK Call 212-675-6510  
In NEW JERSEY Call 201-435-0400

## WE'VE MERGED. IN ORDER TO FORM A MORE PERFECT UNION.

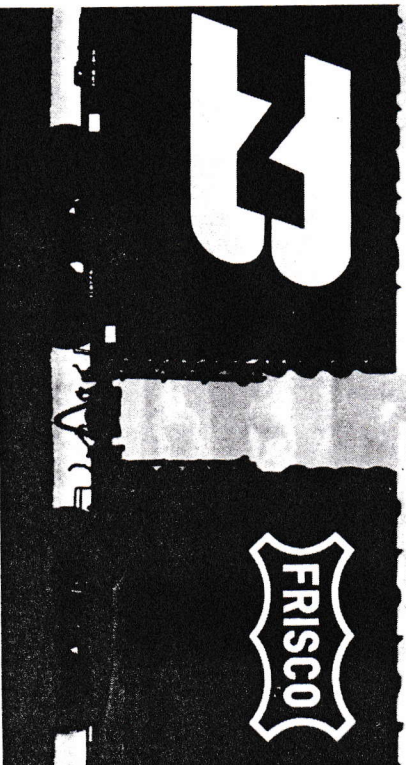

Our end-to-end merger was a perfect match right from the beginning. By joining Burlington Northern and the St. Louis-San Francisco Railway, we can offer shippers direct, single-line service from Winnipeg down to Galveston, and from Vancouver to Pensacola. This expanded service area should provide improved efficiency, over the long haul. The new Burlington Northern.

It's better for everyone.

# Best Wishes for 1981!

American Can is an integrated company engaged primarily in consumer products and distribution; containers and packaging; resource recovery and chemicals. With revenues of \$4.5 billion, we employ more than 55,000 people at 700 locations worldwide. Over 100,000 stockholders own more than 20 million shares in the corporation. Our own employees illustrate our commitment to value in its broadest sense: to the consumer through better quality and service; to the company by increased productivity; to society through concern for the community and the environment; to themselves in job enrichment and good pay.

# “Here’s to You!”

Each year we welcome this opportunity to toast you, our American friends.

We’re here to serve you. And serving you well is the best way we know to help each other grow.

As the rail arm of Canadian Pacific—which is celebrating its 100th Anniversary in 1981—we’ve built up the experience, equipment and connections to keep traffic flowing between our two great countries.

Let’s toast that friendly relationship and the fine fellowship we share tonight.

## Introducing UTLX covered hopper cars.

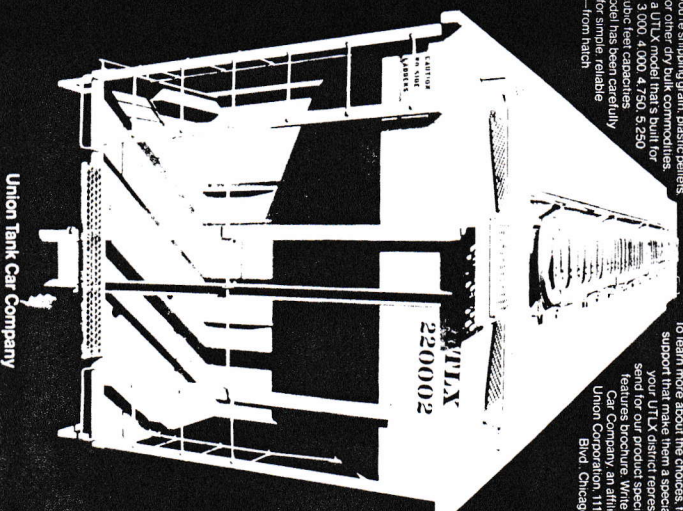

You'll find plenty of features in these new UTLX hopper cars. They're the latest in manufacturing and materials technology. Also backed by one of the best known names in the rail car transportation industry, Union Tank Car Company.

**Choose from five models and capacities.** Whether you're shipping grain, plastic pellets, salt, sand or other dry bulk commodities, you'll find a UTLX hopper car built for you. From 3,000 to 5,800 cubic feet capacities. Each model has been carefully designed for simple, reliable operation—from hatch

cover to outlet gate. And each is precision-fabricated to give you strength, but not extra weight.

These new designs and built hopper cars are available now at a modern, highly automated fabricating plant in Cleveland, Texas.

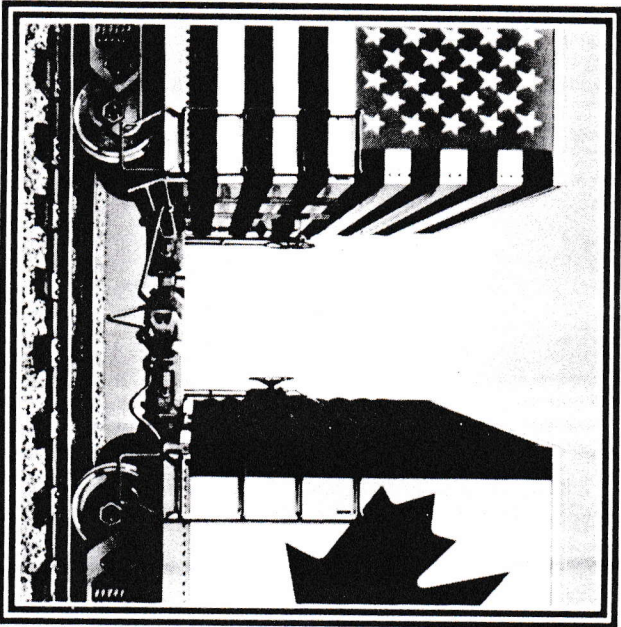

To learn more about the choices, features and support that make them a special value, call your UTLX district representative or send for our product specification and literature. Write to: Union Tank Car Company, an affiliate of Tank Union Corporation, 111 W. Jackson Blvd., Chicago, IL 60604.

Union Tank Car Company

# The Canadian Connection

**1906-1981**

Congratulations to the Traffic Club of New York, celebrating its Diamond Anniversary this year. Meeting good neighbours is part of the annual dinner program activities, and CN Rail is proud to play an important distribution role between friendly neighbours.

We intend to keep the road clear for continued progress between our two great countries, letting the "Canadian Connection" work for the benefit of us all. Good Neighbours — Good Business!

# FUEL SAVER

We can say it with pardonable pride and factual support — railroads are the most fuel efficient means of land transport.

For example, it takes 3 or 4 times more fuel to move a ton of freight by truck as by rail.

And we're going all out to do even better.

We've installed special fuel saver devices on our locomotives. And our new diesels will be even more efficient.

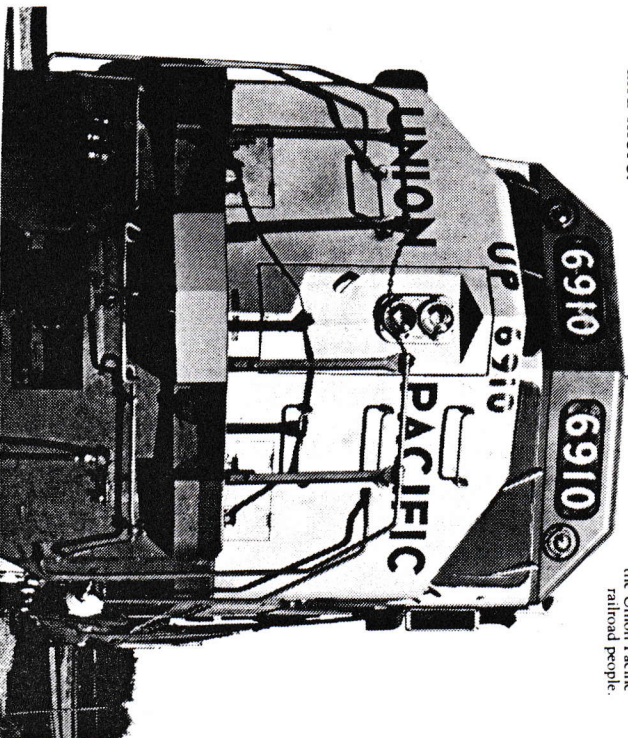

We've also instituted a number of operational changes to maximize fuel efficiency without reducing performance. Such as computer simulation tests where experienced engineers pit themselves against tell-tale electronic performance checks.

Saving fuel is everyone's business.

Vitality so. We're determined to do our part —

**We can handle it.**

the Union Pacific  
railroad people.

Our People Are Our Strength...

and we're proud to have  
New York Traffic Club's  
President, Gene Fitzpatrick,  
on our team!

**THE FAMILY LINES RAIL SYSTEM**  
We Move Freight... BETTER!

**CHESIEE IS YOUR ENERGY CONNECTION.**

If you are planning plant-site locations for tomorrow talk with Chesiee today. Our right-of-way connects you to 19 billion tons of the proven American energy resource: coal.

Chesiee's team of specialists can work on your behalf by searching a 12 state area, from the Mississippi to the Atlantic, to find the site that's right for you. One that gives you a dependable source of energy, plus an energy-efficient mode of transportation... Chesiee rail transportation.

Since the recent energy crunch Chesiee site selection experts have helped hundreds of industries build, expand or relocate on our lines... to take advantage of our energy connections. Many are burning

coal exclusively in their new power plant systems. This means long-term savings for these industries and their customers.

To make the Chesiee connection, write to Dick Hackmann, Assistant Vice President & General Manager, Real Estate & Industrial Development, Chesiee System Railroads, Baltimore, Maryland 21201. Or, call our toll-free number, 800-638-1944 Ext. 2754, or 301-237-2754.

The energy of the future rides with Chesiee, today.

YOUR NEW PLANT  
HERE.

*Chesiee*  
Track Factories!

THERE ARE AN ESTIMATED  
19 BILLION TONS OF  
RECOVERABLE COAL  
RESERVES IN CHESIEE  
TERRITORY!

FOLLOW THESE TRACKS TO  
PRIME PLANT SITES AND  
PRIME ACCESS TO COAL.

## New Orleans. We wrote the book on service.

*Service (dictionary definition) the occupation or function of serving. Service (N.O. maritime community definition) — useful labor that produces tangible savings in time and money. Service (Port of New Orleans version) — experienced trade developers ready to serve where you are — Chicago, New York, St. Louis, Munich, Panama, Tokyo, Hong Kong, Melbourne, New Orleans. Try us for quick, accurate service.*
